Welcome

We are delighted to welcome you to our 2021 Litigation Forum.

Joining our South Square and Mourant speakers is a line up of esteemed guest panellists from London, the Cayman Islands and the Channel Islands.

We are extremely pleased to welcome [Paul Donovan](#), Chief Economist of UBS Global Wealth Management, as our keynote speaker this year.

Paul's keynote address 'Surviving a Revolution', will explore how we are experiencing, perhaps, the most dramatic period of structural change since the first industrial revolution. Paul's prediction is that the process is likely to reverse many of the changes of the first industrial revolution. And that managing these changes effectively is the most significant economic challenge for our age.

The Forum will comprise three sessions drawing upon the litigation expertise of Mourant, South Square and our guest speakers. The focus areas are:

- Can a Trust be Insolvent?
- The New Restructuring Plan – Some Thoughts From the Front Line
- Brexit: Full of Sound and Fury?

We also hope to hear your views during the Q&A sessions to help us make the afternoon as lively and interactive as possible. Collectively, with your input, we'll address and unravel some of the challenges we face as cross-border practitioners.

With case studies and comment, we hope the Forum will be both enjoyable and informative.

Thank you for joining us.
